# Welcome To HGSpaces Gazebo Product Range

In this brochure you'll find 13 Gazebos with sizes starting at 2.0m x 2.0m up to a HUGE 6.94m x 4.44m. All of them extremely practical and being made from either pressure treated pine or smooth planned Larch they will last for years.

We do offer a bespoke service, so if you have a certain size in mind please contact us for a price. Built for strength they provide an excellent focal point within the garden. A place to sit, relax and to enjoy your garden. Providing shade from the summer sun and shelter from the rain. Perfect for year round use. With a huge range of options available you can create the ideal outdoor space you've always wanted. We provide the following options with all Gazebos. Half or full height solid panel to create some privacy, Fabric / Canvas roll up side to give you the option of either open plan or private. Wall heaters for those cooler days and nights and much more.

Why not combine products for even more luxury, like adding a hot tub for the ultimate relaxation area or a kitchen / bar area for the ultimate entertaining area.

All prices shown are recommended retail price and include VAT - CALL US FOR OFFERS AND DISCOUNTS

All our gazebos are available to purchase for self build, but if your busy or maybe don't have the confidence to construct the product, HGSpaces will build it for you. A team of two or more (depending on the product) will ensure your gazebo is constructed carefully, safely and the best part - we will remove all waste associated with the gazebo. In this brochure and on our website each installation cost is clearly stated on each product page. We do ask that you provide a flat level area/foundation as bases aren't included in the price quoted. If you do require a suitable base this is something we can do for you but will be quoted for separately.

It is advisable, before making any purchase you clarify any planning restrictions. These do vary from place to place, but you can find out all the information you need from your local planning office or the UK government planning portal [www.planningportal.gov.uk](http://www.planningportal.gov.uk).

HGSpaces cannot take any responsibility for any planning issues.
