The Most Functional & Easy To Use Cover Ever Designed.

Innovative. Easy to use.

- Never buy another cover - maintenance-free!
- Holds over 500lbs (227kg).
- Fully insulated and gasket sealed - for maximum efficiency and minimum running costs.
- Easily opened and closed - very easy to use, even by one person.
- Cover stays with the spa - you don't need to find somewhere to store it when it's not being used.
- No cover-lift required - saves money and unsightly external metal frames.
- Opens from front or side with just one hand - for the easiest to use cover in the industry.

Exclusive Patented features.

- Cover stays horizontal. So it's easier to open and close, and eliminates unnecessary stress on your back.
- Unobstructed view - because it stays horizontal, you have panoramic and unobstructed views over your garden or grounds.
- Cover converts into a shelf/bar - well, you need somewhere to rest your beverage and robes, don't you?
- Saves space - Eliminates the need for clip-on trays.
- Powder coated aluminium arms - won't break or need to be replaced.
- Inter-locking design - eliminates the need for unsightly straps or chains.

TUFF TOP COVER FITTED STANDARD ON ALL RANGE
